

UK ADA Accessible Permit Parking

While we make every attempt to ensure that our maps are correct, please be aware that signage located at the entry to parking areas and any additional control signage, curb markings and other parking control devices within these areas takes precedence over maps and general campus information.

Parking Designation

- Lot has ADA Accessible Parking
- ADA Accessible Space (UK Permit)

For information on acquiring a UK ADA accessible parking permit, visit transportation.uky.edu. Campus community members requiring accessible accommodations should, in addition to proximate parking, consider periphery parking with direct access to the campus transit system.

Campus buses are trackable in real-time and route and schedule information can be found on our website. UK also has a partnership with Lextran that provides students and employees with free city-wide transit.
